

## DOUGLAS NEWS

### SQUARE DANCE CLUB

Much interest is being shown in the forming of a square dance club in Douglas, and it is hoped that within the next few days more folks will have signed up.

In order to get started as soon as possible the first meeting will be held Thursday evening, starting at 8 o'clock, in the upstairs of the Eagles Hall. Mr. and Mrs. Ray Nevin, wellknown to residents on the Island, have graciously consented to do the "calling," and a loudspeaker system has been arranged for at a very nominal fee. Other details of the club will be discussed and decided upon at this first meeting.

Those who are unable to sign up

personally, may have their name put down by calling Douglas 203 and advising Mrs. Marcus Jensen, before Thursday, Feb. 2.

### TAILORING CLASS TONIGHT

Mrs. Edith Walker, of the Home Economic Class, will hold a tailoring course demonstration tonight in Douglas in the home Ee room at the School.

### STEWARTS SOUTH

Mr. and Mrs. B. D. Stewart, Jr., left for the states aboard the Baranof. They have been in Juneau two weeks, visiting Mr. and Mrs. B. D. Stewart, Sr., while the younger Mr. Stewart attended meetings of the Alaska Road Commission.

The travelers will spend a month or six weeks visiting west coast states before returning to their home in Valdez, where Stewart is district engineer.

## SPRING TO BE BRIGHT WITH RED, FASHION

Leota Smith, Buyer for Behrends, Returns from Trip to States

Red, light, dark, medium — all shades of red will be the predominating and most popular color for spring.

This is the news brought home by Mrs. Leota Smith, buyer for the B. M. Behrends' women's wear department, after a month spent at various merchandise markets along the Pacific Coast.

Mrs. Smith left here the first part of January and visited fashion displays at Seattle, Portland, San Francisco and Los Angeles. For the first time, eastern manufacturers brought their wares to the Pacific coast to participate in shows held during "Buyer's Week" at the above cities. Mrs. Smith was "thrilled and enthused" with her trip.

"Women," she said, "will be happy to know that they will see some of the most outstanding styles this spring that we have had for some time. Clothes will not be too extreme, but very smart and wearable."

Red, she added, has never been so popular. From soft rose tones to deeper melon and on through scarlets, for suits, bags, dresses and accessories, it is without a doubt THE color for spring. Navy blue, which heretofore has generally been first, will take second place this year, with bark tones third, then mint green, buttercup yellow and beige next.

Bolero and jacket dresses, she said, will be exceptionally good and will be featured in two and three tone color combinations. Suits will be more feminine than they have been with a great deal of attention given to detail.

Asked about hats, Mrs. Smith smiled broadly.

"This is one year the men are really going to have cause to chuckle and gasp," she said. Hats will range from small to very large and, to put it mildly, will be extreme in style. Feathers, flowers, veils, in over-generous doses, will adorn them. But she added that for Behrends, she had ordered the more conservative, but smart, numbers which she knows will please Juneau women.

An item of interest is announcement that she obtained dozens of beautiful nylon blouses in laces, nets and sheers of nationally-known material and workmanship and, best of all, they will retail at prices sure to meet with favor.

"We are going to have smarter apparel this year than we have had for a long time," Mrs. Smith finished. She is planning to have a spring showing around March 1, by which time the spring stock will have arrived.

### TAILORING CLASS MEETS

The Juneau Tailoring Class organized Thursday January 12 will meet Thursday evening at 7:30 o'clock February 2 as originally planned at the High School. The Thane class which will be attended also by Juneau women will meet Wednesday evening February 1, at 7:30 o'clock in the High School.

The Auk Bay Class will meet Wednesday afternoon February 1, at the home of Mrs. Willis Avery. The Douglas Class meets this evening January 30 in the Douglas High School.

Gerald S. Clark of the Yakutat Civil Aeronautics Administration staff is a guest at the Baranof Hotel.

## WIFE, CHILD AIDS SEARCH ON PLANE, SGT.

(Continued from Page One)

Jones (Marietta, Ga.). She said she would.

Sgt. Jones was to have been discharged or arrival at Great Falls. Seeing him off was his fiancée, Cecilia Iros of Los Angeles, whom he was to marry shortly.

Thursday afternoon when I heard the plane was missing I got emergency leave. I arrived in Whitehorse Saturday and stayed in a rescue operations room all night. On Sunday morning I boarded the first search plane to leave the post. We were out for about nine hours.

### Contact Made at Snag

During the flight, we landed at Snag where the plane last made radio contact. I made a point of talking to the radio operators there who had received the report. They figured the aircraft was about 25 miles south of Snag. They also said they were shocked immediately after they received the radio report from the plane because they figured it was sent out from a Gibson Girl—a set used for emergency.

Being a radio operator myself and after talking with them I have reason to believe it was a Gibson Girl.

I believe the plane is lost near Snag or close to Whitehorse. If they search those areas today I'm going out there with them. In searches like this two pairs of eyes are better than one.

### Devoted Family

My wife who is an Anglo-Indian was very beautiful and petite. Her home was Hapur, India, and I met her while on war duty while in New Delhi. Saturday was to have been her 23rd birthday anniversary. We three all were very close. Little Victor always shared every meal with me.

My wife and child are lost and I'm absolutely just stunned. I haven't slept or eaten since Thursday.

I've done a lot of praying lately although I never did go to church much. I've kept praying continuously for them. I've always believed that a person who has faith in God was much better off than anyone else. Now I'm just sitting and hoping that my prayers will be answered.

## COASTAL FLIGHTS BRING 40; TAKE 16

## BEGINNERS' BAND CREDITS GIVEN TO 8, SAYS SHOFNER

The following eight attained the highest averages for the first semester in beginning band work, according to director Joseph M. Shofner. Carla Carter, Judy Foss, Ann Nelson, Dan Bost, Jean Warner, Sam McPhetres, Carlito Diaz, and Merle Jack.

These averages were not based solely on playing ability but on good attendance, regularity of practice and other requirements.

The beginners band is composed of 30 members recruited largely from the sixth grade.

A total of 92 students is enrolled in instrumental music, making this year's music department the largest in the history of the school.

## FRIGID AREA SCANNED BUT NOT A TRACE

(Continued from Page One)

the report as the "most highly probable" yet received.

Parachute crews stayed ready for an immediate take-off should the ground crew report back it has found the craft.

Nearly 50 U.S. and Canadian planes scoured the 1300-mile long search area yesterday from Great Falls, Mont., to Snag. Thirty additional planes were to be thrown into the search today from Great Falls where 28 below-zero weather grounded all but a half dozen planes yesterday.

### 7,000 Men Involved

U.S. airmen, flying out to the Montana base, are concentrating on the 800-mile long stretch to Fort Nelson, B.C. Canadian planes cover the remaining 500 mile distance to Snag.

Air Force officers estimated that "Operation Mike" already involves more than 5,000 men at Great Falls and another 2,000 men in Canadian and Yukon Territory bases.

The vast armada not only must battle the sub-zero cold which penetrates both men and machines, but also must conduct its operations within a span of about seven hours of daylight each day.

The Arctic sun rises above the horizon about 11:45 a.m. (E.S.T.) and sinks again about 6:45 (E.S.T.).

## J. E. MCGRAW OF SITKA DIES IN HOSPITAL HERE

Jesse E. McGraw of Sitka died early this morning at St. Ann's hospital. He was 66.

Mr. McGraw was born in Kokomo, Ind. He is survived by his wife, four sons: Raymond McGraw of Edmonds, Wash., Calvin McGraw of Emmet, Mich., and Vern and Donald McGraw of Sitka; and three daughters: Mrs. Bernita Roach of Sitka, and Mrs. Leonard Pugsley and Donna Gayle McGraw, both of Seattle.

His body will be taken to Sitka for burial, officials of the Charles W. Carter Mortuary said.

More than 20,000,000 Christmas trees are cut each year in the U.S.
